

End the Battle Between Mac and PC Users

IdeaMax is designed to work with the ***operating system of your choice***. IdeaMax's ***non-proprietary software*** allows you to save, share and send files in the format you choose, however you choose, on the platform you choose.

Award-winning Interactive Solution

IdeaMax software has been recognized throughout the industry for its excellence in innovation. Named ***Most Innovative Product*** by the North American Office Products Association, IdeaMax is guaranteed to help your organization move forward.

Stop Erasing Good Ideas

IdeaMax's endless whiteboard lets you keep writing and working, even if you run out of room. You can move the screen, create a new page, and zoom in or out. Time spent catching others up can be spent moving your company forward. Experience a continuous flow of ideas that lets you easily save and share anything that happens in your meeting with the entire company. We are making note takers obsolete.

Something Completely New that Feels so Familiar

IdeaMax software uses icons you know. Want to record a meeting? Just click the camcorder. Want to grab and move your workspace? Click the hand icon. Type on the screen? Click the keyboard icon. These familiar icons will make your meetings more efficient and save you precious time in the process.

Simply Incredible

What sets IdeaMax ahead of the rest is simple: it is **easy to use**. No training needed. The user experience is simple, straightforward and designed for efficiency. The sole purpose of IdeaMax is to help increase productivity, making it easier for your organization to succeed.

Experience the Unlimited Potential of Productivity

- Record activity and audio from meetings or presentations
- Annotate and embed notes on existing documents or PowerPoint presentations
- Save or export documents in any format
- Print or email presentations to anyone
- Use Handwriting-recognition to turn notes into text
- Incorporate multimedia content into any presentation and so much more

Ease of Use

IdeaMax software uses simple icons. Want to record a meeting? Just click the camcorder. Want to grab and move your workspace? Click the hand icon. Need to type on the screen? Click the keyboard icon. These familiar icons will make your meetings more efficient and save you precious time in the process.

One Button, Multiple Ideas

It only takes *one button* to *save, share, send or interact with IdeaMax software*. IdeaMax is made for business collaboration so you can save time in meetings, increase interactions with clients, spread information easily and increase efficiency across the board with just one touch.

Bring ideas to life with the perfect display in sizes: 55" 65" 70" 80" and 84"
